Why study Australian Football?
The Specialist Football Program at Wanneroo Secondary College provides students who have a passion for the game an opportunity to develop football skills as part of a recreational or career pathway.

What are the aims of the Program?
The program aims to support all students by creating an environment which is inclusive, friendly and enables them to develop their football skills under quality coaching and at a level of competition which suits their abilities at any given stage of their development.

What is involved?
The Program allows students to study Australian Football four hours each week, along with a regular program of academic and elective subjects. As part of their football studies, students complete a variety of classroom and practical activities that centre on education.

The course works in conjunction with the West Perth Development program and stage level pathways. Matches against local and visiting teams, excursions, guest speakers, annual tours and interstate travel are all part of this exciting program.

How can I apply to be part of the Australian Football Program?
Students wishing to apply for the Australian Football Program at Wanneroo SC can enter at Years 7, 8, 9 and 10. Students are able to apply from any location, as school boundaries do not apply. The program is a Department of Education Specialist Program, the only one in the West Perth District. Applicants need to complete an application form (attached) as well as a general enrolment form (sent out with the school prospectus in Term 2) or by accessing the school website.
